
CURRICULUM VITAE

LEON UYS

Leon Uys is a World Class Project Management Trainer, Assessor, Mentor and Public Speaker with more than 20 years experience in the project management industry.

Over the last 10 years Leon has successfully completed assignments for various overseas customers in Accra and Obuasi, Ghana; Bamako in Mali; Dar-es-Salaam in Tanzania; Dubai and Abu Dhabi in the UAE; Riyadh in Saudi Arabia and Doha in Qatar in addition to his excellent results all over his home country, South Africa.

Leon is well known in the Middle East for regularly facilitating a 5-day event called "The Effective Project Coordinator" (<http://www.iirme.com/epc>) but Leon's signature event is a 5-day interactive course for project management team members aimed at accelerating performance for individuals and the organisation in large mining and engineering/construction companies. He regularly facilitates PMP® preparation workshops for candidates who are interested in taking the PMP® Certification exam.

Leon was previously retained by BRP Project Management as a Principal Trainer, Assessor, Coach and Project Manager and has trained more than 3000 delegates in that period on project management principles and tools.

Experience And Skills

Leon is an Expert Facilitator and regularly trains courses on Project Management, and he is also a registered Assessor in Project Management. He is intimately familiar with applying the PMBOK® (Project Management Body of Knowledge - a global best practice Project Management guideline) framework and processes to the methodologies of large organisations.

He had the opportunity to set up and run a Project Support Office for IBM for a R600m contract (GJMC) where he gained experience in managing and participating in sub-projects of various sizes and types, particularly those where the implementation of complex systems met with the needs of relatively inexperienced users.

Extra-Mural Activities

Leon owns and runs a small Internet Service Provider company (Modiredi Internet CC) that specialises in providing web-enabled Project Management Solutions to SMME organisations. He stays abreast of the latest developments and is regularly called in to advise on complex customised internet-oriented solutions.

Community Service

To maintain his contact with the local community Leon does part-time lecturing Diploma Courses at Damelin Management School in Project Management.

Leon always seeks opportunities to speak at conferences and has previously delivered papers about Implementing Web-enabled PMO's.
